

Orta Rustico

in Orta

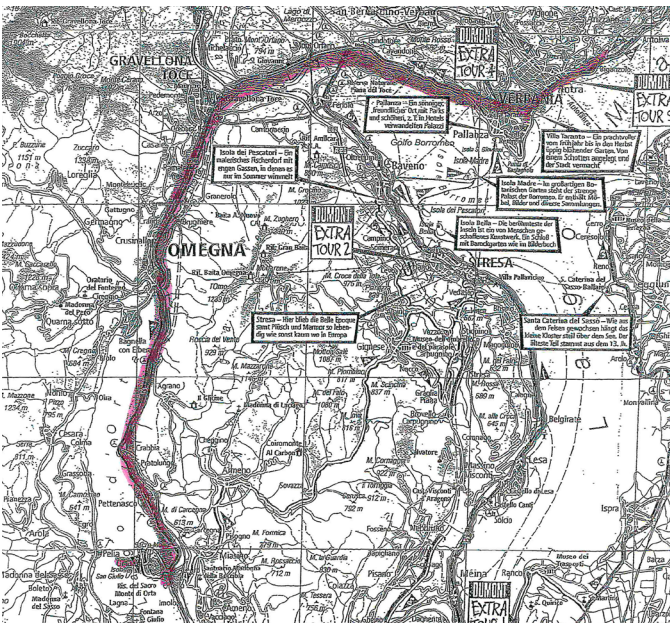

You are travelling from Verbania via Omegna to Orta. Here, at the roundabout, you will see a hotel built in the style of a mosque-like palace with a minaret tower.

Please now follow the green signpost "Autostrada". Another 200 metres or so along the side of the lake and directly before the next bend and crash barrier, you will find the entrance to "Villa Stresa" no. 6.

The descent on the property is a bit steep. Please take this into account if you have a lowered car.

You will find supermarkets in Gozzano and Borgomaero.

We hope you have a good journey and a pleasant stay.
