

# Villa Perondi

in Stresa, coming from Verbania

Please drive alongside the lake in the direction of Stresa until you reach the turn for Carciano. Immediately after the hotel Della Torre and at the traffic light, turn right into Via A. Volta.

Taking a few bends, you reach the small village of Carciano. You will pass two churches which you will see on the left-hand side. On the right, there is a small post office (yellow sign "PT").

Then you come to the fork in the photo below: Turn right into Via San Biagio and drive until you come to the end of the road.

Now you come to a junction where you first have to turn off left and drive a few metres uphill and then have to turn immediately half right into Via Montenero. This lane leads you directly to the premises of Villa Perondi which you will reach after about 150 metres.

We hope you have a good journey and a pleasant stay.
